

ATHLETIC CLUB MARKET

Myrtha Pools is a family owned company with over 49 years experience in the pool industry. Myrtha Pools has built swimming pools in over 70 Countries and continues to be the leader of innovative technologies, construction and design. Myrtha Pool's exclusive technologies have been chosen for Great International Competitions, as Olympic Games and World Swimming Championships as well as for the local park district. Myrtha Pools USA is a commercial division of A&T Europe S.p.a. Founded in 1960 in Castiglione delle Stiviere (MN - Italy), it quickly became Italy's premiere swimming pool company, and is now recognized as a leader in the European swimming pool market. Myrtha Pools USA is based in Sarasota, FL.

Why and What is Myrtha Pools?

Myrtha is simply the most exclusive and advanced technology in the swimming pool industry. Its patented pre-engineered modular laminated steel panels and buttress system enables Myrtha to obtain perfect waterproofing, efficient installation and low maintenance pools suitable for almost any environment. As a result of Myrtha technology, Myrtha Pools have virtually unlimited life spans creating a pool that eliminates traditional problems of pool construction and maintenance. Myrtha Pools maintains options for all aquatic needs and any budget thus making the choice for a Myrtha Pool simply the best!

From championship venues to municipal markets, Myrtha Pool technology suits all projects and is now being widely used in the Athletic Club market. Myrtha builds dynamic facilities that allow for lap swimming, competition and aerobics for all levels of physical fitness and recreation. The streamlined look and high design of a Myrtha Pool compliments the prestigious property value of quality health clubs. Furthermore, Myrtha Technology pairs visible outer quality with unmatched inner structure and patented technology for the most exacting pools and accessories in the nation. Once built, a Myrtha Pool will not require the same expensive maintenance needed by traditional pools. This guarantees that scarce resources will not be spent on capital expenditures and that any health club and its patrons will benefit from Myrtha Technology for years to come.
